When booking a visit, please contact the agency at least one week beforehand to ensure they can set aside the appropriate amount of time for your appointment.

Referring a Parishioner to a Social Service Agency

Parish priests across the Archdiocese play a vital role in supporting the spiritual needs of their parishioners. Many times these same parishioners will approach their priests for non-spiritual advice concerning family, relationship, mental health or grief related issues. In these cases, clergy and parish staff can act as a vital lifeline in referring parishioners to agencies that are able to immediately assist them.

If a parishioner needs help, please review this list of ShareLife-funded agencies and provide him or her with contact information based on the type of support required. As a warm introduction for the referral, you may also wish to contact the agency beforehand with any information you feel is relevant to the client seeking help.
