

# Adding the ShareLife Parish Campaign video to Archtoronto websites

For parishes on the new website template, you can embed the latest ShareLife campaign video directly on your website. The archdiocese has pre-built a video block for you, which you can find by following the instructions below:

- In the backend of your website, select the Asset pane
- Click on the "Blocks" tab
- Then expand the following: "For All Sites," "Blocks," "Shared (Parish)", "Ready to Use"
- Click "Video"
- At the lower half of the pane, scroll down to the "ShareLife Video" block, which you can drag and drop directly onto your website and then publish
